## THE I. O. E. DANCE A SPLENDID SUCCESS

Notwithstanding uncertain weather conditions and bad roads, the dance arranged and held under the auspices of the Earl of Strathmore Chapter I.O.E. last Friday night, proved a decidedly successful evening, both socially and financially.

Sweet strains of music from the orchestra impelled all to dance, for there were very few "sitouts" out the dance.

Tables for cards had been arranged, but they also were passed by for the dance floor.

Supper was served from long flower bedecked tables, with streamers of red, white, and blue, making a very gay appearance.

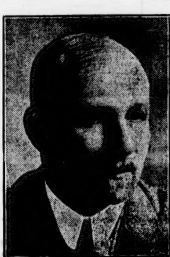

When the supper hour was announced, there was a rush for seats at the table, and the supper of going down town, the I.O.E. having established a reputation for "putting out" very edible supper.

Rev. T. B. Winter made a very gracious and efficient chairman. He called the guests to attention, and asked all to join in singing of O Canada, then Mr. Winter asked grace, after which all did justice to the good things set before them.

This part over, the chairman again called the meeting to order, and announced the Toast to the King. This was drunk (in coffee). In his address Mr. Winter made a very touching and earnest reference to the meeting to be held Sunday, July 1st, in the Hall, under the auspices of the League of Nations, in which the Churches of the town will cooperate. He urged all to be present. Mr. Winter next explained the purpose of the evening gathering, viz: that of passing over to the School Board, the War Memorial Pictures presented by the National I.O.E. and called on the Regent to make the formal presentation, which was done with the following explanatory remarks:

On behalf of the Earl of Strathmore Chapter I.O.E., and through the courtesy of the National Chapter I.O.E., I am pleased to present to you, Sir, and through you to the Schools of Strathmore, this set of War Memorial Pictures. Following the Armistice, and during the years 1918 and 1919, the I.O.E. throughout Canada set themselves to devise some plan whereby they could make some reward to the families of men who had fallen in the Great War, or of those who were totally disabled. They devolved what they call the National Educational War Memorial Fund for this work, an amount approaching \$500,000 was to be raised. This Educational Memorial has a threefold plan: first, to the pupil in each province in the Dominion in the Matriculation or High School leaving examination, a sum of \$300 annually is given to help in their university course, that pupil, of course, being the son or daughter of a fallen or totally disabled soldier; 2nd, the student obtaining the highest standing in a university at a university, is awarded a scholarship of \$1,400 is given; the third side of this plan was the securing of 1,000 sets of these War Memorial Pictures, the details of which hang in the National Art Gallery in London. By these pictures, Sir, it was hoped to instill a deep reverence for the minds and hearts of the children of our schools, a spirit of loyalty and deep reverence for the men who, for the sake of Canada and the Empire, endured the horrors of war, suffered extreme tortures of pain and affliction, and heart-breaking death.

When the pictures were presented to those who went over can begin to those (Continued on page five)

## HOLSTEINS FROM STRATHMORE ON EXHIBITION TOUR

There are only a few local people who realize that the Canadian Fanciers' herd of Holsteins which make its home in Strathmore, is the largest herd of pure bred Holsteins in Canada.

Not only is it the largest herd, but that the quality shows the blood of its ancestry will be empty proven within a few weeks, is the prediction of Mr. Geo. H. Jones, the local manager, who is leaving with his show herd to cover the exhibitions in the class "A" shows beginning at Brandon. After this circuit is completed Mr. Jones is taking some of the herd to the Royal Exhibition at Toronto, and also to the Vancouver show. The show herd has all been bred on the Strathmore farm, which very clearly demonstrates that Mr. Jones knows a few wrinkles how to produce real class.

He is very proud and hopeful, especially of Strathmore McKinley Fairchild Wayne, who was the undoubted senior calf last year, and has made wonderful progress in the meantime. The fellow that beats him will be a real one, said Mr. Jones, his eyes sparkling with enthusiasm as he fondly admired the beautiful animal. Another class of which Mr. Jones is justly proud and enthusiastic is that bred by exhibition group, which possesses remarkable uniformity of conformation, which is the ideal of every breeder carries in his mind's eye.

The breeders' herd, the hobby of every true breeder, is headed by Strathmore McKinley Fairchild Wayne, with two yearling heifers sired by Colony Mong McKinley, and heifer calves by Matchless Sylvia.

Mr. Jones is very hopeful that this group will go a long way towards bringing fame to the Canadian Fanciers' herd. Over half the herd is in the hands of the Earl of Strathmore, and his many friends with him in hoping that his expectations may be more than realized.

## THE PILOT LIGHT U.F.A. CONVENTION

A fine program will be presented next week at the Memorial Hall, when the Pilot Light Junior U.F.A. District Association will meet there on Friday, July 6th.

Opening promptly at 11 o'clock, the convention will swing into action with the singing of O Canada, followed by the opening address from Mayor A. D. Strathmore, president's message, and a number of other items of interest. Luncheon will be followed by an hour or two of sports at the Strathmore park.

In the afternoon the Hon. Perrin Baker, Minister of Education, and Mr. R. O. German, secretary of the Wheat Pool, will address the gathering. A variety of musical numbers, community singing, etc., will also feature this program, and with a good attendance this should prove one of the major events of the year.

## A Wage Case Heard By Local Magistrates

A wage case was heard before the Magistrates, Justices of the Peace Lambert and Eldon. Wilfred Dignam claimed from O. F. Bremer, an odd-timer in Strathmore but now of Calgary, the sum of \$96.00. The case was heard on the 26th of May and \$36.00 for twelve days in June.

According to the evidence Mr. Bremer agreed to pay Dignam at the rate of \$50.00 per month, which Dignam denied, and tendered a cheque for \$66.40, which was refused. It was also brought out in evidence that Dignam left Bremer's employment without notice. The Magistrates held it known that they will not give full wages where the servant does so, and leaves the employer in the lurch. They gave judgment for the amount tendered, with costs against the servant.

T. M. Wears, Barrister, appeared for the master.

## Tommy White's Boxing Bout

Tommy White, the popular little scrapper from Calgary, who has been giving considerable attention to the promoting game, has made arrangements to put on another boxing match in the Memorial Hall on Wednesday, July 4th.

It will be practically an elimination contest for featherweights, and the winner to have the privilege of meeting Mel Corrie.

Two ten-round contests have been arranged, and several preliminary bouts. The headline contest will be between Tony Renfrew, who scored a knockout over Wildcat Carter, of the Coast, and Eddie Edwards, who defeated Vic Foley, of Vancouver. The winner of this bout will meet Frank Manzara.

Tommy White, who delighted the fans with his exhibition bout with Gordon Simmons, in Strathmore, will endeavor to put Frank Manzara in his ten round bout.

Tommy says I just have to win that bout as it is my first contest since I became a benedict, and I have to prove to Mr. White that I am a real honest to goodness scrapper.

Gordon Simmons will also give an exhibition bout, which will be quite a feature.

## INTERESTING TRIP TO EDMONTON

On Tuesday evening, June 19th, Mayor Strathmore, Mrs. Strathmore and myself set out in the Mayor's "Palge" for the Capital City.

Weather conditions were far from promising. There had been rain, hail, of which the roads gave palpable evidence, and it was no fun driving over the government road up to and past Mr. Pearson's farm.

The Mayor and I naturally discussed the "policy" of the government in regard to roads.

At the last convention of the Union of Alberta Municipalities held in Calgary, the Hon. O. L. McPherson, Minister of Public Works, was asked when the government was going to go ahead and gravel the roads they had graded. The answer was that while it was ideal, it was not necessary to gravel every mile! In our opinion what is the use of grading and not graveling? The road in question has been graded for about two years, and it looks to us that it would have to be graded again before it would be ideal, so it was not necessary to gravel every mile! We were certainly a relief to get on the gravelled surface, and we were soon at Calgary.

Our next trouble was at Crossfield where there was also evidence of the government "policy" in leaving little bits of the highway in a quagmire, which could have been made good at small expense at the same time as the government was doing the two hundred odd miles.

We intended putting up for the night at Olds, but the hotel accommodation there was fully taken up by delegates attending a Wood Convention, so we passed on to Innisfail and spent the night there. Up early next morning we passed on and arrived in time for the Convention in Edmonton, but not before we had the same experience as we had at Crossfield, which was less than perfect to the many guests present, for they included friends of years of the bride elect's family, and also school and college chums, and girls friends of the past and present.

A social hour or two was spent when the many good wishes for the future bride were voiced, followed by three rousing cheers and a "tiger", and the singing "For She's A Jolly Good Fellow".

Master Billy Morgan, "piloting his up-to-date plane, 'The Spirit of Strathmore' in its true aviator costume and style, then alighted in their midst laden with a huge sack marked "Canadian Air Service", which, when opened, revealed a host of packages containing beautiful gifts from the many friends present.

During the evening musical selections were kindly rendered by Miss Florence Garrett, and also a song by Mr. Gilbert Patrick, both in their usual "taking" manner. Dainty refreshments were served from the dining room by the pretty "girls-in-waiting", and with the good wishes of all present for the happy couple, a most enjoyable evening was brought to a close.

Red McKechnie, M. S. Hirtle, Bobby Hume and Bob Gray decided on Tuesday that they would like to have a swim. They proceeded to the bathing house and found it locked up.

"Just imagine," said Red, "after we had really made up our minds. So there is nothing else to do but get a new Mayor and Council, we cannot and will not submit to such treatment, when we want to swim we want to swim, and that's that!" said the popular drummer as he toddled off to put up some more prescriptions.

The time for notice of this bout is short, so remember the date, Wednesday, July 4th.

## A SHOWER FOR A VERY POPULAR JUNE BRIDE

Honouring Miss Stephanie Chamberlain, a popular and pretty June bride-to-be, a delightful and quite unique miscellaneous "shower" was given last Thursday evening, claiming as hostess Mrs. Gladys Morgan and the Misses Mary and Esther Stockton.

The guests were received in the spacious rooms of the charming residence of Mrs. H. S. Stockton, who had kindly given her home for the evening, and which lent itself so perfectly to the many guests present, for they included friends of years of the bride elect's family, and also school and college chums, and girls friends of the past and present.

A social hour or two was spent when the many good wishes for the future bride were voiced, followed by three rousing cheers and a "tiger", and the singing "For She's A Jolly Good Fellow".

Master Billy Morgan, "piloting his up-to-date plane, 'The Spirit of Strathmore' in its true aviator costume and style, then alighted in their midst laden with a huge sack marked "Canadian Air Service", which, when opened, revealed a host of packages containing beautiful gifts from the many friends present.

The time for notice of this bout is short, so remember the date, Wednesday, July 4th.

Mr. E. Ward Jones, a brother of Geo. H. Jones, has been appointed Superintendent of the agricultural and animal section of the C. P. Natural Resources, the position held by the late Geo. H. Hutton.

Mr. Jones is a real westerner, having been born at Cirman, Manitoba, and came to Alberta about eight years ago, and has for the time been manager of the Stock Yards at Calgary, a position which is no sinecure to fill and yet one which he gives general satisfaction.

He is a graduate of Manitoba Agricultural College, where he held a brilliant record, and had the honor of graduating when but twenty-one years of age.

Since graduation he has been closely identified with agricultural and live stock development, and has given much time to the boys' and girls' clubs of the Dominion. Another feature that has been most successful, is the "better farming train" which is used all over Canada, and which he has the honor of inaugurating. In his promotion, his friends are pleased to congratulate him, and the dealers at the stock yards are delighted to know that he will retain his connection as well as carry on the new work.

Mr. Jones is a brother of Mr. Geo. H. Jones, manager of the Canadian Pacific Supply Firm, which now holds the record of having the largest herd of Holsteins in Canada.

A peculiar coincidence that is making the new appointment only two weeks more, is that Mr. Jones and his brother Geo. H. Jones, the C.P.F. made no mistake in not removing the popular Geo. H. who has made such a success of the local institution, and his friends are mighty glad he is to remain, and look forward to seeing him bring back the "chubbers" from the big fair competitions.

## SPORT NOTES

### FORMER BOXING "CHAMPS" SUCCESSFUL IN BUSINESS

LOS ANGELES, Calif.—Jack Dempsey, who recently retired from the ring, also has gone out of the hotel business. Dempsey yesterday sold the Barbara Hotel here for a reported consideration of \$400,000. This is approximately \$100,000 more than he paid for it in 1924. Dempsey recently arranged to take over two or three fruit ranches in California. By a coincidence, Jess Willard, from whom Dempsey took the title several years ago, also was a big profit-taker in real estate deals announced the other day. Willard sold a corner lot to a Detroit syndicate for \$200,000. The property cost him \$46,500 six years ago.

### WRIGHT WILL COMPETE FOR DIAMOND SCULLS

TORONTO — Joseph Wright Jr., young Canadian oarsman, who missed victory in the diamond sculls on the River Thames last year by a margin of one boom, has sailed for England with Jack Guest, Toronto star, to compete again in the annual classic before entering the Olympic races at Amsterdam.

Wright won his way to the final heat in 1927, and was coasting home with a length lead when one of his oars tumbled a boom. Before he could break away, his opponent, R. T. Lee, of Oxford, swept across the finish line.

Wright, a favorite to win the sculls this year, will compete with Guest for singles honors in the Olympic regatta. They will team for the doubles.

### A TIP TO ANSON CHASE

Stories concerning the escapades of southpaw pitchers are always more or less entertaining, but one told by Ernest J. Lanigan, secretary of the Toronto Central League Club, takes the prize.

It was back in 1920 in the International League. There was a young

southpaw on the club roster whose stunts were always getting him in bad. One day the team was lined up against its most formidable rival and the heavy end of the batting order having come up, the left-hander, who was pitching, was ordered to pass the next batter.

Right off the bat the portender cut loose and beamed the batter on the side of the head. When he came to the dugout at the end of the inning the manager exploded: "What's the idea of mauling that guy? I told you to pass him."

"I know," said the S. P. "But, you see, I was trying to save my arm, so I just beamed him with the first one instead of pitching to him four times."

### CANADIAN \$24,000 PACER COST \$10.00

Fred Thrower, a farmer near Kewood in Middlesex county, not far from London, Ont., owns Grattan Barr, which secured in the \$25,000 racing stakes at Windsor, Conn.; Toledo, Ohio, and Kalamazoo, Mich. Mr. Thrower recently refused \$24,000 for his pacer, Grattan Barr, but his 110 "I got him when he was 16 months old, from Archie Peden, one of my neighbors. I traded ten calves for him and got \$300 to boot. These calves had cost me \$210 in the fall, so I only had \$10 in cash invested in him," explains Mr. Thrower. Grattan Barr "burnt up" the half-mile courses in Western Ontario, and is favorite for each of the three big stakes in which he is entered. Canada will have another hand in these classics. Kinney Direct, Canadian-bred pacer, with a splash of Irish, has been a mile ahead this season in 2:08, without effort.

### UPHOLDING THE FAMILY TRADITION

TORONTO—Miss Emily Durnan saved the life of Sam Berrin, aged 18, in the bay. Miss Durnan is the daughter of Edward Durnan, American professional sculling champion, whose sudden death two weeks ago shocked the rowing world, and sister of John Durnan, prominent Argonaut sculler. Miss Durnan is no stranger to racing shells, singles or doubles, in which she was coached by her late father. A canoe bearing Berrin and Charles Poole, aged 16, upset in a squall at a point about 150 yards off the Hamilton's Point municipal ferry dock. Poole managed to swim ashore, but Berrin, who cannot swim, clung to the canoe until Miss Durnan hurried to the capsize craft and dragged the boy into her boat. The late Eddie Durnan and his son, John, saved scores of lives from the waters of the bay. The patient older daughter of the family intends to carry on his traditions.

### NEW OBSTACLE IN MANDELL TITLE PATH

Sid Ferris had his Jimmy McLarin and then Jimmy McLarin had his Sammy Mandell. Now who will Sammy Mandell save? And this brings us to one Manuel Quintero, who came to America from Spain, stopping off at Tampa long enough to earn his fighting moniker—the Tampa Tornado.

Back in March when Quintero took the measure of Joey Kaufman, a pretty fair 135 pounder, in his maiden appearance on this side, the boys said, "Oh, well," and let it go at that. But the other night Manuel won an easy decision over Baby Joe Gans, the highly touted lad from the Pacific Coast, and then, only ten days later, he was sent in against Louie Kid Kaplan, then whom there are few better lightweight.

Against the rugged Kaplan, Quintero was at his best. For the first time Gotham critics saw a boxer capable of outspeeding the withering barrage Louie invariably hurled at his foe. It was not so much that the speed of foot was baffling to Kaplan, but the Spaniard held him at bay with a rain of punches that dazed and belted him in his ever advancing attack. In the eighth round, after Kaplan had landed several jarring left hooks to the head and not so few right swings, Manuel started ripping in a left uppercut, usually to the body, but often it lifted through to the ribs, and more than once Kaplan's knees wobbled.

In all Kaplan's fights of the past few years, only Billy Wallace and Jimmy McLarin were able to stop the Meriden boy and both of them looked like anything but winners up to the moment they connected with the winning punch. And now along comes the Tampa Tornado and takes the Kid over the route in no uncertain

## Gum-Dipped Tires Save You Money

Gum-Dipping is an exclusive Firestone process. It insulates and impregnates every fibre of every cord with rubber and prevents the cords from chafing against each other.

In ordinary tires these cords are un-insulated. In flexing they chafe against each other, causing internal heat and friction which softens the rubber, causing blowouts and tire failure.

These better tires cost you no more, yet they give thousands of extra miles. See your nearest Firestone Dealer.

### FOURTH FORTNIGHTLY CROP REPORT

Issued by Department of Agriculture, Government of Alberta.

EDMONTON, June 25—Early seed of what is now in the shot blade is away sections of the province, and all grains are making rapid and vigorous growth, according to the telegraph reports received on Friday by the Department of Agriculture, for the fourth fortnightly crop report of the season. The entire province has benefited by the rains which have been general during the past two weeks, and the set back which crops in some areas received as a result of delayed germination is rapidly being recovered although some fields are somewhat late. Warm growing weather is now the most urgent requirement for crops to take full advantage of the abundant supply of moisture.

Never in the history of the province has a crop been sown under better conditions as far as high quality of seed and treatment for disease are concerned, and never has more concerted action been taken to keep fields free from noxious weeds.

Conditions are reported generally to be ideal for breaking and summer-fallowing, and the option is expressed that the acreage of new land brought under cultivation this season will again

### be of record proportions

Some seven thousand acres have been seeded to sugar beets in the southern part of the province, and of this acreage fully one-third is reported to be showing a perfect stand with the remainder giving promise of a good average crop.

Cutting of alfalfa and sweet clover has commenced in the south, but has been interrupted to some extent by the rains. Very local hail damage is reported in one or two districts, but crops in the affected areas are making a good recovery. Practically no insect injury to crops has occurred with the exception of the appearance of wireworms in some northern districts.

### CHEADLE

Mr. Howard Lyons has been visiting for a few days in the district. Howard has been located in Manitoba for the past year.

Mr. and Mrs. J. G. Miller are in Calgary for a short while.

Mr. Frank Sien and daughter are home for the summer.

The telephone repair gang has been camped in town for a week repairing lines in the district.

Pleasant Edwards has been sick for a week or more, but is getting along fine and will soon be out again.

School will be out this week for the summer holidays. The children are all busy with their examinations. Howard Baldwin is making extensive repairs and additions to his home.

Mrs. Russell Payne came home from the hospital on Sunday, much improved in health.

### DALEMEAD

Mrs. H. Furney left for Iowa after receiving a telegram stating the serious illness of her sister.

Miss Ruth Hamlin from Calgary was a week end visitor at the McCutcheon home.

Mrs. K. McAdams, from Naylor, Alberta, is visiting the Misses Walker in Dalemead.

Mrs. Slack, who has been very sick the last week, is improving.

The Junior U.F.A. will hold their picnic at Bowdoin Park on July 5th. If the weather is favorable.

## Locals

A. A. Dotsford, secretary of the Langdon Hill, was in town on Tuesday, and attended the meeting of the Bow Valley Council, and incidentally while in town, put in a few good words for the big fair which will be held on August 8th.

Rev. Hilbert, secretary of the Boys' Work in Calgary, occupied the pulpit of the United Church Sunday, very acceptably.

Mr. C. A. Lyallist was in splendid voice when he sang Sunday evening in the United Church.

The Ladies Aid of the United Church held at the home of Mrs. Anderson last week, was well attended, and quite a portion of important business was transacted.

The marriage of Mr. Ray Melvin and Miss Stephanie Chamberlain will take place Saturday next in the Pro Cathedral in Calgary.

Mrs. Fraser has her niece from Seattle visiting her for the summer months.

Miss McGinnis leaves Saturday for Prince Albert, Saskatchewan, where she will visit her brother for a short time, and will then proceed to the coastal cities for the remainder of the holidays.

Mrs. W. G. Kaywell is entertaining at Bridge Wednesday afternoon, commencing Mrs. King, of Toronto, who is Mrs. Patrick's guest.

Special interest is being taken this year in the big stampee and races on July 15. T. E. Wright started the ball rolling by offering a \$5.00 special prize for the best dressed cowboy under 15 years in the parade; Mayor Shrimpton \$5.00 merchandise for the best dressed cowboy under 15 years; T. Gatenby \$5.00 for the best cowboy in the parade. Along comes A. Layzell, of the Bow Valley, who presents a beautiful bride for the best dressed horse. "Believe me," said the popular old horseman, "my heart is with the Strathmore boys and their stampee and races."

Mr. and Mrs. E. W. Whiteside will have as guests over the holiday, Mr. and Mrs. O. E. Whiteside, of Halmere.

Mrs. Folk and Miss Mary Folk leave Sunday evening to spend the summer vacation in Cleveland, Ohio, their former home. En route they will visit at Chicago and Minneapolis.

Funny remarks were heard after the baseball game on Sunday, or what was called a baseball game. "Dad" White and Bish had been spectators, and were discussing the game in detail when "Bish" said, "I say, dad, it was an awful price to pay for such an exhibition." Another one was made on the way down town when young Hayden enquired from Manager Gray, "when do we eat," and Billy answered him, "you don't deserve to eat."

## Local Jottings :-

The program committee of the Big Strathmore Stampee and Race for July 15, met on Monday and arranged the program for that date. Mr. T. E. Wright kindly donated a \$5.00 special prize for the best dressed cowboy under 15 years, who will appear in the big street parade. Another extra prize in the parade will be \$10 for the best check wagon outfit in the parade. The steer decorating contest has been eliminated, and real California cart races substituted. Special prizes are being arranged for the Indians, which it is hoped will be a real feature of the parade. The stampee is off with a bang, and promises to be the best yet put on in Strathmore. Everyone is invited to make arrangements to the present stampee is a real day sport for the whole family, which can be done in Strathmore at a minimum of expense.

Mr. R. F. Barber, of the International Harvester Co. of Calgary, was in town, completing plans for the season's business with Mr. Spence Hughes.

Mrs. Charles Keeling has arrived safely in England, and on the trip over captured first prize in the big bridge competition on the stampee. Talking about how hard it is to pick the ponies, John the Bulgarian says it is not a matter to picking the wheat market, which can change its mind quicker than a maiden auntie. I'll tell the world said John, as he trotted away to try and get John Vermont to do a little work.

F. A. Cott was awful hard to tear away from business to undertake the handling of the races for the big Strathmore Stampee on July 15, but once he consented Fred became full of pep, ready to go. Now watch him put over the best race program and the sanest parade yet pulled off in Strathmore, and that is not knocking past programs, only that this one will be a humdinger. Everyone in the Bow Valley invited.

Mr. S. H. Crowther will go to Edmonton Monday next, where he will take a course at the Summer School.

Mr. Watson will spend his holidays in Calgary.

Mrs. N. McDonald arranged a bridge party of three tables, commencing her guest, Mrs. MacPherson. After several keenly contested games, the prizes were awarded to Mrs. MacPherson and Mr. Watson. The guests were Mr. and Mrs. D. A. Perry, Mr. and Mrs. T. Gatenby, Mr. and Mrs. Geo. H. Jones, Mr. and Mrs. H. M. Gregor, Mrs. N. White, Mrs. A. A. Moore, Mr. S. H. Crowther and Mr. W. N. Watson. A merry social hour was spent.

Thos. E. Wright president of the Stampee organization is delighted with the prospects for the big Strathmore stampee on July 15. He is convinced that with crop prospects so encouraging everyone will want ONR BIG DAY before the busy season, and said T. E. we have the program that will please everyone. Remember the date, July 15.

Rockford baseball team defeated the local boys on Sunday 11 to 9. Rockford succeeded in solving Anson Chase's shoot, scoring ten runs off him. Eddie Cronin relieved him, but was forced to retire when he sprained his ankle. Jack Grellin finished the game in good shape, but it was too late, and the boys from the north had gotten away with a nice win.

Friends of Will Langley will be sorry to learn that while playing with his friends on Sunday evening, that he broke his arm. The doctor fixed him up.

Mrs. J. E. Hedding, of Indianapolis, arrived on Tuesday to visit her parents, Mr. and Mrs. F. Benz, had but a short visit, having received a message to return home at once.

Mrs. Stockton Sr. left Sunday for Spokane, Mrs. R. S. Stockton and Miss Esther accompanied her to the coast.

Mr. and Mrs. Neil McDonald have as their guest, Mrs. MacPherson, of Winnipeg.

Mrs. S. C. King and son Sidney, of Toronto, are guests of Mr. and Mrs. G. H. Patrick, on their way to visit Mrs. King's brother at Revelstoke, thence to Vancouver and Victoria.

The Local Chapter I.O.B.E. is giving a prize of \$10 in books to the Strathmore student who obtains highest standing in the present Departmental Grade IX examinations.

Strathmore stampee has been all right the date July 15 officially by the Cowboys' Contest Association which means that it will be the only official stampee in that date, which permits all the good riders to be here for that date. Manager Leslie West is making arrangements for the best race program we should say, the worst actors among the outlaw horses at the Calgary stampee, which guarantees that every rider will be put to the limit. Don't miss it.

Mr. and Mrs. W. D. Fisher have recently returned from England, and are present are visiting at Niagara, Ontario.

Rev. Mr. Wilkinson, who has been seriously ill in the Calgary hospital, has sufficiently recovered to be able to return to his home where he is now convalescing. His friends hope to soon see him with his health fully restored.

Bob Canham, whom Nellie Ferguson sent to dreamland in a few seconds at the Memorial Hall, is to meet Jacobson, at Bassano on July 2 Jacobson is well known locally, having met Breen in Strathmore.

Mrs. E. W. Whiteside was another of the hostesses who entertained for Mrs. Carr last week. Mrs. Whiteside arranged three tables of bridge. Mrs. Billy being the fortunate winner of the prize. A very pleasant evening was enjoyed by all present.

The committee of arrangement for I.O.B.E. dance, are wearing the smile that was worn off, when the evening turned out so decidedly successful. Mrs. M. S. Hittle leaves July 4th to spend the summer months with her parents in Saskatoon, N. B.

Mr. and Mrs. Geo. Jones and son Billy will leave Thursday for Carleton Place, Ontario. Mr. Jones will attend the Brandon exhibition.

A. Layzell, King of Auctioneers in the Bow Valley and recognized as one of the best horsemen in western Canada, has just returned from putting on two big sales in the east, one at Toronto and the other at Winnipeg. Next year he expects to have a fine bunch of race rolls, which he has raised, either for sale or he may decide to race them himself. He is very enthusiastic about one in particular, "Pat Slick," which promises to make the best of them step in win.

The Royal Arch Masons of District No. 4 will hold a Chapter of Instruction in the Strathmore Masonic Hall tonight, Wednesday, June 27, when members from Bassano, Gladwin, Calgary, Chasid and Strathmore will be in attendance. This meeting has been called by Grand Superintendent O. G. Craig, of Chasid. Addresses are expected by M. E. Comp. F. S. Selwood, of Calgary, and other Grand officers, and all will be entertained to a banquet in the Memorial Hall Dining room.

Mrs. Carr, who had been the guest of Mr. and Mrs. Young for the week left Friday last for Calgary on route to Edmonton, Jasper Park and Victoria.

Master Billy Morgan, who suffered a nasty tear on his leg from a piece of barbed wire, is recovering, though somewhat slowly.

Mrs. Sidney Moore leaves next Monday for Kalamazoo, Michigan, where she will pursue a course of study in art for the vacation months.

At the last meeting of the Elks, it was decided to hold a picnic, and Bro. Charles Harvey and T. Gatenby were nominated to arrange place and date. They have decided on the place "The River," and the date "Wednesday, July 25th." This picnic is for Elks and their families, and all good Elks are asked to keep this date free so that we can all "gather at the river" and have a good time. Bring all the kiddies, there will be sports and ice cream gallop. Providing the weather man is good to us on that date, this picnic should be very enjoyable. All brother Elks come with a smile and determined to have a good time and give others a good time too. A ladies committee will provide the supper. Look for fuller particulars in "The Elk" and Standard nearer the time, but keep this date open, Wednesday, July 25th.

A series of films will be shown in the Theatre on Thursday, July 5th, at 8 p.m., by the Women's Institute showing the development of the various Canadian industries, as well as stories of the historical advancement of the Canadian west; also scenes in both the eastern provinces and B.C., also a modern scene. Adults 25c, Children 50c.

Miss Strong, the very superior teacher of the primary department of the Public School, has tendered her resignation. All regret Miss Strong's resignation in this case, but extend sincere good wishes for the future.

## ROSEBUD

Mr. and Mrs. L. Nicklason and son  
left Thursday for Missouri by auto.  
Owing to the muddy condition of  
the roads, the motor Saturday night  
were very late in starting. Many  
fans became discouraged and went  
home before the reels arrived.

Seventeen members and guests of  
the United Church Ladies Aid met at  
the home of Mrs. W. L. Hymas Thurs-  
day afternoon. After the regular busi-  
ness a delightful luncheon was served  
by the hostess. The ladies made Mrs.  
Halstead a gift of a purse of money,  
that being her last meeting to attend  
before taking up her residence else-  
where. We are sorry to lose such a  
faithful worker and valuable member  
of our Aid, and trust she will be most  
happy in her new home.

There will be a food sale and tea  
in H. Jones' office on Saturday even-  
ing, June 30. Come one and all.  
Bachelors! Here's your chance to  
get fine pies and doughnuts, food that  
will keep!

Mrs. Lyle Jones is visiting her par-  
ents, Mr. and Mrs. C. McElreath.

## ROCKYFORD

The Rockyford Ladies' Club ask that  
one more poem of Edgar Guest's be  
printed:

### MYSELF

I have to live with myself, and so  
I want to be fit for myself to know.  
And feel myself, as I come and go,  
Always to look myself straight in the  
eye;

I don't want to stand with the setting  
sun  
And hate myself for the things I've  
done.

I don't want to keep on the closest  
shelf  
A lot of secrets about myself,  
And fool myself, as I come and go  
Into thinking that nobody else will  
know.

The kind of man I really am;  
I don't want to dress up myself in  
sham.

I want to go out with my head erect  
I was to deserve all men's respect,  
But here in the struggle for fame and  
prize

I don't want to be able to like myself.  
I don't want to look at myself and  
know

That I'm bluster and bluff and empty  
show.

I never can hide myself from me;  
I see what others may never see.  
I know what others may never know,  
I never can fool myself, and so,  
Whatever happens, I want to be  
Self-respecting and conscience free.

## ARDENODE U.F.W.A.

The regular meeting of the U.F.W.A.  
was held at the home of Mrs. O.  
Booth on June 26th, with a good at-  
tendance in spite of the inclement  
weather. Much business was discussed  
and attended to. The coming con-  
vention of serviceberry district as-  
sociation was thoroughly discussed  
as it is our turn to entertain, which  
we hope to do to full measure and to  
the best of our ability.

The new cook book the U.F.W.A.  
headquarters is compiling was dis-  
cussed, and it was decided each mem-  
ber should send in their favorite re-  
cipe as soon as possible.

The Baby Clinic to be held at  
Nightside on June 28th, was also  
discussed, and as many as possible  
were to attend.

A very interesting letter from Mrs.  
Field was read re some questions asked  
at our previous meeting, which was  
addressed by Mrs. Field. This meeting  
was to have been an address from  
Mrs. Wyman on "Legislation", but  
owing to attending the Junior Con-  
ference, could not be with us, too  
while we were disappointed, we know  
they could not do without Mrs. Wy-  
man at Edmonton.

Mrs. Gotthard entertained the ladies  
with a guessing competition, which  
resulted in a tie between Mrs. G.  
Dawson and Mrs. G. Dawson, so  
the ladies drew straws and Mrs. G.  
Dawson won first prize, while a tie  
between Mrs. Jensen and Mrs. Myers  
drawing straws resulted in Mrs. G.  
Dawson winning the booty prize.

The next meeting is to be held at  
the home of Mrs. Pirih on July 4th.  
Mrs. Horrocks to entertain.  
Mrs. Booth then served the ladies  
with a delicious tea, also the school

children and Junior U.F.A., who need  
less to say, enjoyed every minute of

## RULES ON LIVESTOCK RAILWAY RATE

OTTAWA, Ont.—The application by  
the United Grain Growers, Ltd., of  
Winnipeg, Man., and other agrarian  
and livestock organizations in the west  
for suspension of the Canadian Pacific  
livestock tariff, effective June 23,  
1927, on livestock shipped from western  
Canada to Pacific coast points in  
the zone of railway competition.  
This is the judgment of the board  
which is issued, together with a minority  
report by Hon. Frank Oliver,  
Commissioner S. J. McLean and C.  
Lawrence express the opinion follow-  
ing a lengthy examination at the re-  
quest, that the application should fail,  
while Commissioner Oliver's view is  
that the railway tariff should be can-  
celled.

The application of the livestock or-  
ganizations involved the question  
whether, under special circumstances  
of rates, double deck move-  
ments of hogs to specified points in  
the Pacific coast states of the United  
States from Alberta should be com-  
puted on the minimum of \$4.00 per  
head, or whether there should, in addition,  
be a charge at current rates on the  
actual weight in excess of this mini-  
mum.

The applicants complained of the  
abolition of the "flat per car" rates  
on double deck cars of hogs from Al-  
berta points to Spokane, Seattle, Ta-  
coma and Portland. These rates had  
been allowed by the railways for the  
past fifteen years, and had assisted in  
the development of the hog movement  
to Pacific coast packing plants in the  
United States. The applicants ad-  
mitted that they might well continue  
until such time as least as the British  
markets were in shape to take up the  
Canadian surplus. It was set out that  
for the six months prior to June 1,  
1927, one Seattle packer shipped over  
30,000 hogs from Alberta points.

By the tariff of June 23, 1927, rates  
"per car," without consideration of  
weight on live hogs, were displaced by  
rates "per 100 lbs." with a minimum  
rate for double deck cars of 24,000 lbs.  
The application was heard in Ed-  
monton on October 15, and in Calgary  
on October 28, 1927.

In a Canadian Press despatch on  
May 31, the report of Hon. Mr. Oliver  
was interpreted as representing the  
recommendation of the entire board.  
This is not the case, the board having  
sustained the Canadian Pacific Rail-  
way company in the continuation of its  
rates, effective June 23, 1927.

LONDON—Mrs. Ethel Rewick, wife  
of Captain Rewick, the well-known  
South of England racehorse trainer,  
and a familiar figure on the turf, has  
figured in a piquant situation under  
her late father's will.

Her father, James Deuchar, of Mid-

£1,297,728, the bulk of which was  
bequeathed in trust, in varying pro-  
portions, to his sons and daughters.  
A clause in the will however, stipu-  
lated that should his daughter, Ethel  
Rewick, keep or run any racehorses  
or be interested in keeping or run-  
ning racehorses, her income is to  
cease.

## McCormick-Deering Harvester-Threshers Reduce Harvest to Days Instead of Weeks

### Regular Equipment

McCormick-Deering No. 11 harvester-threshers are regularly supplied in 12 or 16-foot cut and equipped with a 4 cylinder stationary engine for operating the thresher, a 60 bushel grain tank and tractor hitch. Straw spreading attachment is supplied as regular equipment.

### Increases Grain-Growing Profits

A revolution in harvesting methods has occurred in Western Canada during the past year or two. No more stoking, no more big threshing crews, no more time to buy. Owners of McCormick-Deering Harvester-Threshers have made a direct saving of at least three weeks, over the cost of the work by former methods.

In addition to the tremendous saving brought about by the combine in labor, equipment and time, there is the saving of time and threshing bills, as well as in the cost of feeding a large threshing crew, and does away with binders, rakes, rack wagons, pitchforks and the old stationary threshers.

Call and see us about these machines. We will be only too glad to explain them to you without obligation on your part. It will be money in your pocket to do so.

### SCHOOL COLUMN

During the last two weeks Departmental Examinations have been proceeding throughout the province. At the Strathmore school these thirty-five wrote High school units, and effected the entrance to High school examinations.

School will close on Friday, June 29th, and re-open Tuesday, September 4th.

We should like to take this opportunity of wishing pupils and teachers a most enjoyable holiday, and on behalf of the staff of the Strathmore school, to very warmly thank the School Board and its Secretary for their courtesy throughout the year.

### LANGDON

August 8th is the day of the Great Agricultural Fair at Langdon.

Mr. S. Christopher of Auburn, Ill., came Saturday for a business visit with Theodore and Elmer Lowe. He left on Monday for Washington.

The Wheat Pool "Boys" and the local ball team crossed bats on Sunday, and the score was 6 to 5 in favor of the Langdon team.

Mr. Garrett, of Saskatchewan, is a visitor at the home of her daughter.

Mrs. J. J. Colwell. Mrs. Garrett gave a most interesting talk in the Union church on Sunday.

Miss Grace Cowen, of Calgary, spent several days at the home of her parents, Mr. and Mrs. B. Cowen.

Mrs. F. Barber, who has been visiting her mother, Mrs. H. W. Wightman, has returned to her home at Tacoma, Washington.

### CARSELAND

Considerable interest is being manifested in the big U.P.A. picnic at Cansland on Monday, July 2nd. A splendid program has been arranged and one of the running events will be the greasy pig race. His lordship "mine pig" has been fitted and groomed to the minute, and whoever captures him will own him, but they will have to go some as he is a regular tail motor. It would be well for all contestants to remember to bring an old suit of clothes with them as "Mr. Pig" will be beautifully greased.

"You're lookin' bad, Jack."

"Aye, I've been in the hospital and the doctors have looked me up and poked."

"These doctors'll tak' anything. It's a pretty yea didn't have it in yer wife's name."

### HEARD ON THE STREET

Sweet Little Thing: "What time is it?"

Frank Clutchie: "Half past four; it won't be long 'til morning."

Sweet Little Thing: "Goodness! Mother will be worried. I should have been in bed an hour ago!"

The young woman had just returned to her rural home from several years in the big city. She was exhibiting the contents of her trunk, to the admiration and amazement of her mother, who had bought her clothes for forty years at the general store.

"Oh, those," said the daughter, holding up a delicate alien garment.

"are toddlers."

"Today's" You don't say! Young men are certainly different from what they used to be.

A lady is said to have remarked to Lord Chesterfield that the French were more polite than the English. The lord did not agree.

"But," said the lady, "the English themselves admit it."

"That," replied Lord Chesterfield, "is precisely proof of their greater politeness."

The young cante wanted to make a good impression, as it was his first version. Smoothing his hair he said to the old veger: "Could you get me a glass? A small one will do."

The veger hurried away, and soon returned concealing something under his coat. "I know what nervousness is, sir," he said. "Here's a whole bottle."

"How does it happen," said the teacher to the new pupil, "that your name is Allen and your mother's name is Brown?"

"Well," explained the boy, "she married again and I didn't."

Grandma: "And were you a very good little girl at Sunday School this morning, Audrey?"

Audrey: "Oh, yes, Grandma! A man offered me a big plate of money, and I said, 'No, thank you.'"

The teacher, wishing to arouse the interest of her Sunday school class, asked them to write the name of their favorite hymn.

All the pupils bent their heads over pencil and paper for a few minutes, and then handed in their slips—all except one.

"Come, Mary," said the teacher, "bring your paper to me."

Mary, with downcast eyes and flaming cheeks, handed the teacher a slip of paper bearing the words, "Andrew Garrett."

It was in the living room of a lonely sheepman's homestead. We had talked of the weather, the grass, the stock and the market, and silence followed naturally. "What do you do for amusement?" I asked. "We don't have a radio set to be a boon in a place like this!" "Radio?" murmured Dad. "Oh, y' mean a wireless? Well, I dunno—Y see," explained Mum, "after a while it'd get so monotonous."

Hector: "Mum, that, these lower tail fares will make a serious deference to us. We'll no be able to save as much by walkin'!"

"A man's an idiot to be absolutely certain of anything!"  
"Are you sure of that?"  
"Positively."

"Now, Bobby," said his mother sternly, "did you ask Mrs. Blank for that cookie?"

"No, mother, I didn't. I just saw a plate full of cookies in her kitchen and I said, 'You are sure some cook, Mrs. Blank, if I'm any judge.' An she gimme one to see was it."

The plumbers in session in Waterbury objected to cartoons reflecting on their calling. Some of the pictures have to do with bloated incomes and others trench on the alleged habit of going back for tools. We cannot help refraining from retelling the story of the boss plumber who telephoned the hospital as to a small job being done by a helper.

"How is Jones getting on?" he asked the nurse who, thinking the inquiry had to do with one of her patients by that name, replied, "Jones is resting quietly."

Mrs. Blank: "Is that a fifty-pound piece of ice?"

Percy Wright: "It was, lady, when I left the wagon, but the woman next door stopped me to tell me what a nice family lived here now and—"

Mrs. Blank: "Oh, well of course, ice melts—I know."

Teacher: "Vincent if you had seven ducks swimming in the C.P.R. ditch, and three duck under, how many are left?"

Vincent: "We have no ducks, teach-er."

"What have you?"  
"Geese, teacher."

"Well, how many geese are left when these have died?"

Vincent: "Geese don't duck, teacher."

She: "There are two things that prevent you from being a good dancer."

Frank Clutchie: "What are they?"

She: "Your feet."

City Banker (visiting the farm): "I suppose that's the hired man?"

Farmer (who had visited banks): "No, that's the first vice-president in charge of cows."

Two Hebrews, father and son, went to Calhoun, Scotland, the birth place of Jim Gunn, with a view to locating in business. While walking up one of the principal business streets, their attention was drawn to a farmer who drove up to the curb, got out and took the bride of the horse preparatory to feeding the animal his noonday meal. After carefully attaching the feed bag to the horse's head, he went to the back of the wagon and took a chicken from a small coop. The chicken had a string tied to its leg. This was attached to the foreleg of the horse so that the chicken would eat the oats that were spilled out of the bag.

"They," commented the older visitor, "is no place for us to do business. Let's go."

A lady visitor was telling of an experience she had with an aged guest who was very thin blooded, and always complaining of feeling chilly. The hostess had gone to considerable trouble to keep the home fires burning to the fullest capacity. She very considerably enjoyed it when her guest was feeling comfortable, and was quite upset when informed that grandma was still rather chilly.

The hostess jokingly replied: "Dear

grandma, when you die I hope you go to—, well, where you at least shall have a chance to be comfortable."

Harold Smith: "Sir, I have courted your daughter for six weeks."

Mr. Peach: "Well, what do you want?"

Harold: "To marry her, of course."

Mr. Peach: "Good, I thought you wanted a pension or something."

"Do you think," asked Percy Parish, "that there is any truth in the theory that big creatures are better natured than small creatures?"

"Yes," answered Bill Wilkinson, "I do. Look at the difference between the Jersey meadow and the Jersey cow."

One member of a fishing party was an Irishman who disagreed very badly with the sea.

"It's all right, old man," said another member of the party; "you're not dead yet!"

"Truly," moaned the sufferer, "but it's only the hope of dying that keeps me alive."

## A THOUGHT FOR TODAY

The man whom I call dearest,  
The name is one whose  
Thoughts and actions are for  
Others rather than himself.

—Scott

IF YOU  
WISH FRIENDS  
BE FRIENDLY

Be friendly if you wish to have friends. Nobody has friends who spends his time making enemies. When you spend your time making friends, you have friends, and the only way to make friends is to be friendly. Be friendly at home. Some men are the friendliest souls outside their homes. They have pals by the score.

Everybody who knows them in business, or at the lodge, or the club, will say, "What a friendly chap he is!" But at home they may never have a friendly word for the wife, while the children get sour looks and harsh words if they dare make the least noise to upset his majesty.

Some women are like that, too. Hear them talk on the telephone in hoarsest phrases, or accompany them to the Sewing Circle or the Women's Club, and their friendliness attracts other women like sugar draws flies in summer time. But when the man comes home tired and weary with the day's struggle and needs a pal to understand his mood, one who will have friendship and love and understanding, often all she feeds him with is complaint and grumbles, tossed, only it's the man who gets teased. Not every man or woman is like this,

friendly outside, snarling at home. But too many of us are that way. Be friendly. Cultivate friendship. In the garden of life friendship is one of the choicest flowers that bloom. If neglected it will run to waste and become a mere weed. Uncultivated, friendship droops and declines. But nurtured it thrives and grows more beautiful as the days pass.

Be friendly with your employees, if you are an employer. Know them, be interested in them and their families. If they're in trouble, help them out. Think of them as belonging to your family. Invest friendship in them and see the dividends you'll get back. If you are an employee, be friendly to the boss. Don't be hostile to him in thought, or word, or act. He's paying you, anyhow, and while he may be making money out of you still you work for him and should be faithful. Think of yourself as working with him. Perhaps by and by, you'll be a real partner; who knows?

Be friendly to animals, to little children, to the unfortunate and lonely. It will all be repaid with interest. And as a last thought, be friendly to yourself. Look after yourself, your health, your condition, your home, your family, your business. If you make a mistake, or even commit some

deedly sin, forgive yourself. If we ought to be "tenderhearted one toward another, forgiving one another," as the Bible says, we should also be tenderhearted to ourselves, forgiving ourselves when we do wrong. Harshness is vain, remorse foolish. Forgive yourself in friendly fashion and begin again, profiting by your mistakes. Be friendly to yourself.

MR. BENNETT'S  
APPEAL IS  
FULLY JUSTIFIED

The Toronto Globe says that Hon. R. B. Bennett's plea for economy in public expenditures, made in his Toronto address, was fully justified. It is always an impressive subject for an Opposition Leader, but somehow or other it seems to lose its importance when the Opposition becomes the Administration. During the session just closed, Mr. Bennett pointed out, the expenditures voted involved a total of \$450,000,000, or including indirect obligations, \$500,000,000. The figures are large enough to make the public gasp. It is, as he said, too heavy a burden for a country of less than 10,000,000 population, and of this he undoubtedly can convince every Conservative audience which he addresses.

But can he convince those of other political persuasions? In the matter of Parliamentary expenditures the people would like to be shown that one party is more careful than another. It would make a big difference at election time. He will have to be more specific than in his Toronto speech, and he will have to show greater determination to halt expenditures than he did during the session. It is true that during the dying hours, when the members of Parliament were impatient to get home, he did condemn the lavishness with which money was voted, but it was generally looked upon as an Opposition gesture to which the public has become accustomed.

However, the text is so good that Mr. Bennett might use it to advantage if he chose to go into details. He will first have to take from the expenditures some \$120,000,000 war debt interest, over which no one has control. Then he must make allowances for \$40,000,000 which are properly due and must be paid. After this, if he wants to make comparisons—and every politician or statesman does—he should speak of the expenditures of 1917-18 in terms of 1913 money values. Thus he will subtract \$150,000,000 from \$440,000,000 to begin

with, leaving \$290,000,000. This will be about \$115,000,000 more than in the pre-war year. If he deducts 2 per cent from \$290,000,000 to get the equivalent of 1913 values he will find the expenditure for comparison's sake to be about \$283,000,000, and the excess over the pre-war year not so great, but still too much, without doubt, in view of the post-war expenses.

With his great ability and financial experience, it should not be difficult for Mr. Bennett to go into this Parliamentary extravagance and show where saving could be accomplished. And, having the details in front of him he should go into every constituency and prove that economy could be effected. His speeches would then have a ring about them which no one could resist, differing from the generalities which are usually handed out by Opposition speakers. The Conservative Leader made an appeal for a public call for greater economy. It is on the right track. He will get public backing if he shows how and where this money could be saved.

Harry Harper: "It is a fact beyond question that the success of women as pilots is proving already a vital factor in directing public attention toward aviation."

## NASH presents a New and Finer Motor Car

### New Twin Ignition Motor New Salon Bodies

"The three new Nash Series, which are being introduced everywhere today, achieve the ambition of my manufacturing career.

"They represent an entirely new type of motor car, priced moderately, but offering you all the beauty and quality and performance heretofore exclusive to very expensive automobiles.

"To create such a car we had to develop an entirely new type of design and invest over \$2,500,000 in dies and machinery alone.

"Both the Salon bodies and the high compression motors which power these new models exemplify the most radically modern advancement in body craftsmanship and engineering.

"Naturally space precludes the full listing of all features but I do want to draw your attention to a number of the outstanding attractions such as—

"Twin Ignition, high compression, Bohnalite aluminum alloy pistons

with Invar-struts, 7-bearing crankshaft with hollowed crankpins, Bijur centralized chassis lubrication, Houdaille and Lovejoy shock absorbers, Reflex-Nash bumpers and bumperettes, chrome plating over nickel for all exterior metal ware, double-drop frame, one-piece Salon fenders and longer wheelbase lengths.

"This new-type engineering of the '400' motors makes them by far the best performing cars I have ever built.

"I don't think anyone will ever want to use all the speed and power they deliver.

"Equipment is absolutely complete at the factory list price and you need buy no extras except a spare tire.

"If my judgment is worth anything you will find it well worth while today to examine this new automobile development with the greatest care."

## THREATENED HOG CHOLERA EPIDEMIC

A case of hog cholera, we understand, has occurred in the Carleton district, and Claude Mackie has lost one hog from the disease. At the time of going to press we learn that there are three young pigs sick.

On information from the Health of Animals Branch it is learned that the disease is contagious, but only through contact with a place or animal which has been infected. The germs are commonly supposed to be carried from place to place on the dust, etc., adhering to the clothing, feet, etc., or through contact with some dog, etc. It is therefore important that those who have hogs should abstain from visiting any place where the disease is known to be. The Department advises that while serum or vaccine is some protection, that they have not had recourse to this method of prevention so far. Such treatment, in any case, is only supposed to be effective for about two months.

"Well," said the genial D. A. Perry, "the train in front is behind."
